NRES Registration Certificate

This certificate hereby confirms that the substance with given details below has been covered under the New Registration of Existing Substance (NRES) Registration process as part of UK REACH compliance by **Global Product Compliance (UK) Ltd** on behalf of **RAMDEV CHEMICAL INDUSTRIES**, as an appointed Only Representative in accordance with provisions in Article 8 of UK REACH Regulation Official SI 2019/758.

Address: 3441/B, GIDC Estate, Ankleshwar - 393002, Gujarat, India

NRES Registration Number: UK-01-5160401408-7-0006

Sr. No.	Substances Name	CAS No.	EC No.	Tonnage Band
1	polychloro copper Phthalo cyanine	1328-53-6	215-524-7	100 To 1000

1. New Registration of existing substances (NRES) is only applicable for substances that were registered in the EU REACH prior to 1st January 2021.
2. This certificate serves only as evidence of completion of NRES process covering the aforementioned substance with the given registration number as provided by Health and Safety Executive (HSE) over Comply with UK REACH (UK REACH IT system) to GPC UK in the capacity of an Only Representative and is not issued by HSE itself.
3. NRES certificate should only be treated as preliminary registration certificate and will be valid only till the registration deadline as per the tonnage band of the chemical.
4. Full registration dossier mandatorily needs to be submitted to the authority before the applicable registration deadline by paying the LOA cost to the Lead Registrant.
5. This certificate is only a confirmation of NRES process and represents the chemical covered within it, hence it should not be treated as tonnage coverage certificate!
6. Please refer to the table on Page no. 2 for registration deadline to submit the full registration dossier for full compliance. The activity should be completed anytime immediately when the LR shares the LOA cost or if the deadlines approaches, whichever is the earliest.

Signature (The Only Representative):

Shisher Kumra
Executive Director
Date: 26-9-2023
